

Erasmus+ Project 2019-2021 Newsletter

October-November 2019

In accordance with the digital era –
Digitalisation as a chance for
modernization of teaching methods.

Congratulations to the winners of the logo competition - F. Rosa und M. Simao from Portugal

Planning Learning Approaches for Nowadays Students

PLANS

Development of new ways of learning in the context of digital education

The project starts with the coordinator meeting of all the project countries from 28th October to 1st November in Kerpen

The coordinators from all the partner schools in Kerpen

The three days of project work on the following programme

- Lecture: First steps into CLIL
- Workshop
- Coordination of project goals and activities

The project work really starts on eTwinning in **November**. Pupils register on the platform and get their first contacts and impressions of their exchange partner on the Network for Europe. Then they will work on quizzes about the other countries online. At this time all the pupils are working on three project activities: **My school, my town, my country in Europe, CLIL and PBL meet cultural heritage** and on the texts for the **project hymn**. PPT presentations will be completed. Answer-Garden Mindmaps, Kahoots and learning apps-quizzes for the other partners will be created.

At the same time the first materials for the bipacour/ebook about cultural heritage will be collected. The pupils have gone to Cologne with the history teacher M. Potes to search for traces of their cultural heritage. (left)

SPAIN

News from the partner countries

The Erasmus+ boards in **Abrantes** (right) in Portugal and **Jamilena** (bottom) in Spain are being expanded.

The first steps toward the radio programme, which will be broadcast during the mobility in Spain in February, are also being taken.

The partner school in **Bistrița** (Romania) created “**Students are teachers for one day**” to present the project and the partner countries.

Our partner school in **Prague** is also ready for this digital adventure after the computer rooms have been renovated. The preparations are proceeding.

don't miss – don't miss – don't miss
